Inspired, fast and secure

SATA3 SSD AS510S

Prime choice for desktop and notebook speed upgrade

Apacer views promoting the popularity of high-speed transmission as its own mission and rolls out the latest SSD AS510S, which adopts the next generation SATAIII transmission. It provides excellent performance of read/write speed reaching 530/410 MB/s. The ultra-cost effectiveness deeply impress the computer players!

Apacer

SATA3 SSD AS510S

Features

Easily upgrade to the ultra reading speed of 530MB/s

AS510S adopts the next-generation SATA III interface, provides ultra transmission speed of 6Gb/s, and along with the most advanced 8-channel synchronous transmission design. Hence, read/write speed up to 530/410 MB/s can be achieved. In addition, AS510S has superior cost-effectiveness among the same level products and offers users the easy upgrade and 530MB/s reading speed experience.

Prime choice for desktop and notebook speed upgrade

Apacer suggests that desktop users use AS510S as system drive, and the original hard drive can serve as data drive. Therefore, high transmission speed and massive storage can be achieved. AS510S is thoughtfully available in capacities of 64GB, 128GB, 256GB, and meets the demand of different users. Upon upgrading their notebooks with AS510S, users can enjoy performance boost immediately. Boot time and speed of application start can be significantly improved.

Effectively deliver lower power consumption

AS510S supports DEVSLP mode (Device Sleep) which delivers lower power consumption and can effectively extend notebook computer battery life. It also features 15G anti-vibration and 1500G anti-shock protections. There's no need to worry about hard drive failure and data corruption even on the go. It can be considered the necessary upgrade for notebook.

Specifications

Model	Apacer Pro II SSD AS510S
Interface	SATA 3 6Gb/s
Flash Type	MLC
Capacity	64GB/128GB/256GB
Max. Read/ Write Performance	64GB: Up to 440/205 MB/sec ; 128GB: Up to 525/380 MB/sec ; 256GB: Up to 530/410 MB/sec
Environment Spec.	Operating Temp.: 0°C~+70°C Vibration: / Shock: 15G/1500G Humidity: 5%~95%
Dimensions	100(L) x 69.8(W) x 7(H)
Power Consumption	870mA (typical on 128GB)
Warranty	3 Years
