YOUR INVITATION TO THE D-LINK DCNP TRAINING COURSE
D-Link Certified Network Professional in SECURITY

This course covers the theory on the latest Security Solutions and their features, as well as practical exercises. To obtain your DCNP Certificate in Security, you will be required to complete and pass an online exam after attending the course.

DCNP in SECURITY 2017 SCHEDULE	PERTH	– 29 MAR	BRISBANE	– 31 OCT
	MELBOURNE	– 6 JUN		
	SYDNEY	– 29 AUG		

Steps to Book Your Training

1. Firstly, you need to buy a Registration Coupon Code for each course you'd like to attend.
   - For the Switching, Security, Wireless and IP Surveillance Workshops, you need to buy the **DCNP Workshop Registration Coupon Code**. Go to **www.dlink.com.au/dcnp**
   - For the DNDA Online Training Course, you need to buy the **DNDA Online Training Coupon Code**. Go to **www.dlink.com.au/dnda**
2. Click on the '**Buy now from D-Link Shop**' Button and make your payment. You will receive an automated email confirming your purchase instantly.
3. D-Link will then verify your payment and email you a **Coupon Code (please allow up to 24 hours)**.
4. To use your Coupon Code, visit **http://training.dlink.com.au** and click on the '**Schedule and Booking**' Button.
5. Choose your course, then click the '**Add**' Button.
6. Enter your Coupon Code and click on the '**Submit**' Button. If the Coupon Code has been accepted, this message will be displayed "Success! The coupon code you entered is correct. Please click on '**Add to Basket**' to complete your Checkout." Click on '**Add to Basket**'.
7. Confirm all the details are correct and click on the '**Checkout**' Button to complete the registration for your training.

For further assistance or for more information, please email **training@dlink.com.au**
