Remarkable Portability

- Perfectly sized & extremely light 350g
- Embedded battery 9,000mAh (up to 5-hour usage)
- Double as power bank
- 2W built-in speaker

Hassle-free Projection

- Built-in Wireless Projection via Android or iOS device
- Mobile USB display (charging smart device simultaneously)
- PC USB display
- Multimedia playback
- Horizontal & Vertical keystone
- 4-Corner correction

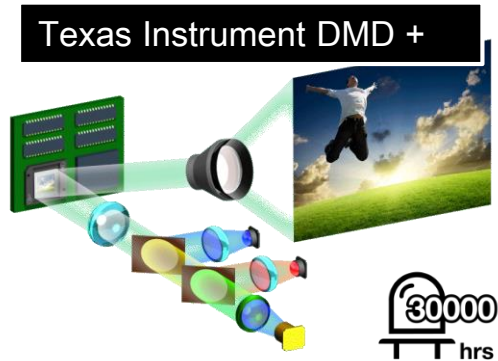

Friend to the Environment

- Up to 30,000 hours lamp life (Eco mode) .

LED Light Source

Superior Lighting

LED lighting lets you enjoy outstanding color performance with 100% NTSC wide color gamut, creating vibrant visuals and delivering consistent color saturation. Its greater bulb durability provides up to 30,000 hrs long lifespan. In addition, by eliminating the potential pollution from mercury lamp disposal, your projector is free from environmentally hazardous substances.

Perfectly Sized

Remarkably Portable

Sometimes, we just need to pick up and go at a moment's notice. This lightweight projector make it happen. At just 350g and 150 x 150 x 32 mm , the C202i is not much bigger than your passport. Pack up the projector and get where you're needed.

Embedded Battery

Charge Up

Thanks to embedded 9,000mAh battery, you can take C202i anytime, anywhere without being limited by power socket or carrying heavy adapter. Enjoy full-length films with up to 5 hours* of renewable battery life on a single charge. C202i can also double as power bank for your smart devices.

* Eco mode. Battery life varies depending on product configuration, power settings and usage, among other factors.

Built-in Wireless Projection

Project Cable Free

Break free from the clutter of wires with easy wireless projection. With built-in wireless function, you can connect your Android¹ or iOS² device and projector in wireless signal. Use your device to view content in a multitude of ways by EZCast³ app, such as video viewer, document reader or mirroring.

- 1- Android 5.0 & above
- 2- iOS 10 & 11
- 3- Download EZCast APP from Google Play or Apple store

Mobile & PC USB Display

Plug & play

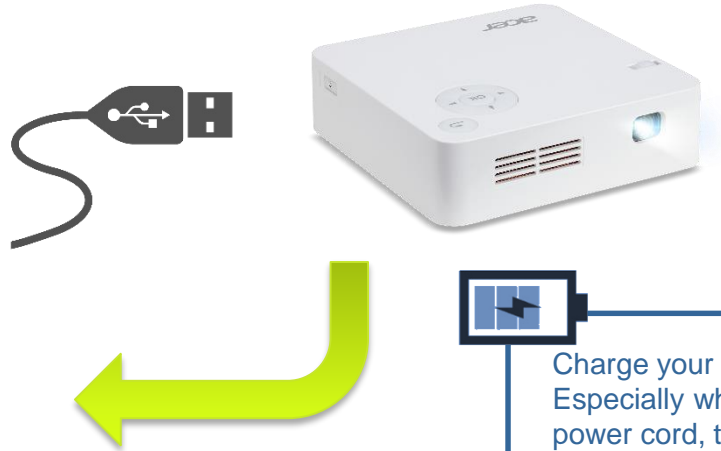

Besides display via HDMI cable, C202i offers USB as an additional display option for both Smart device & PC. Image can be displayed directly over USB cable from an Android¹/ iOS² device or Windows³/ Mac⁴ PC.

- 1- Android 5.0 & above
- 2- iOS 10 & 11
- 3- Win7 / 8.0 / 8.1/ Win10 or above
- 4- Mac OS X 10.12 & 10.13

Windows/ Mac

Android/ iOS

Charge your smart devices simultaneously. Especially when C202i is plugged in with power cord, the unstopped charging keeps your smart device away from out of battery.

Multimedia Playback

PC-free Projection

Projection can be this easy! Project your content directly from a plugged-in USB drive. No extra connected device is required. Play video or movie fast & easily.

Media files

Video, Audio,
Photos

Documents

Office Word, Excel, PowerPoint, PDF

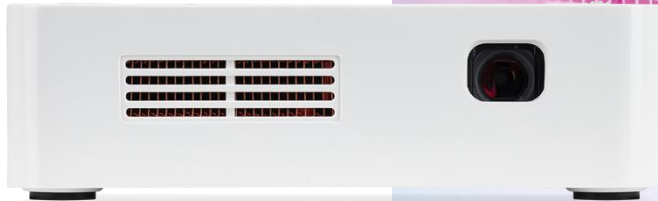

Support format

Audio	MP1, MP2, MP3, WMA, OGG, ADPCM-WAV, PCM-WAV, AAC
Video	AVI, MKV, TS, DAT, VOB, MPG, MPEG, MOV, MP4, WMV
Video codec	MJPEG, H.264, AVC, XVID, WMV3, WMV ver9, MPEG4, VC-1, MPEG1

Built-in Speaker

The Power of Sound

Set the tone with full, vibrant audio from the on-board 2W speaker. You can enjoy the video anywhere without bring an extra speaker. The audio ensures movies come to life, songs have more depth, and games are more engaging.

Installation Flexibility

Horizontal & Vertical Keystone/ 4 Corner Correction

Image distortion sometimes happens when the projector is placed with improper distance or in a wrong position. Finding the right angle for your projection will come easier with keystone correction which corrects vertical & horizontal distortions up to ± 20 degrees. In addition, you can adjust distortion from any single corners thanks 4 Corner correction.

H/V Keystone

4 Corner Correction

Instant On-Off

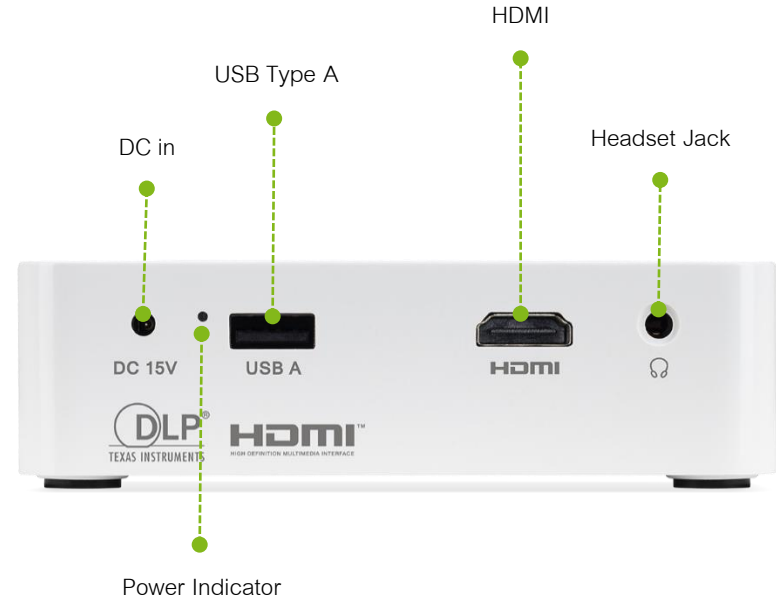

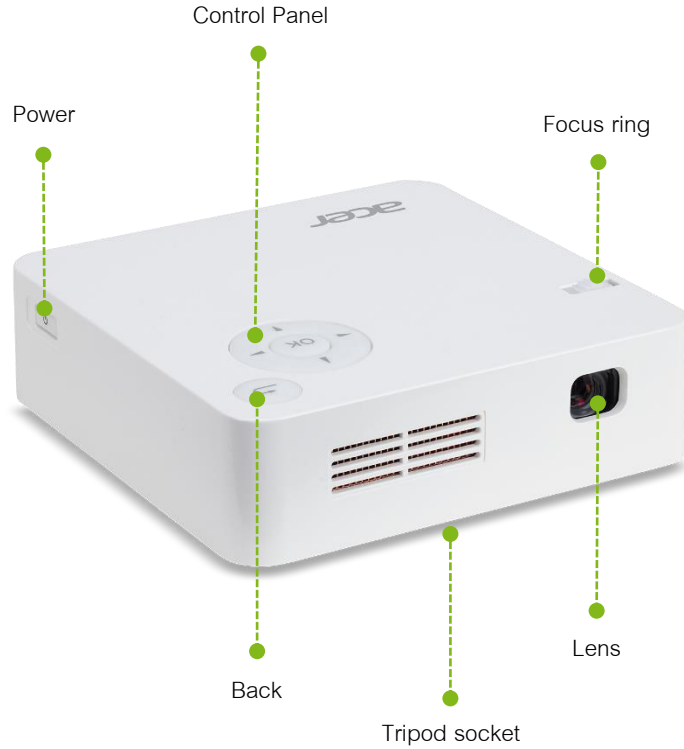

No More Waiting

Unlike conventional lamp-based projector, device warm-up or cooling is no longer needed for a LED projector. The LED light source provides immediate on/off functionality, saving you valuable time and keeping you on the move. User can turn off the projector then unplug the power cord immediately without damaging the device.
