

POWERING SMBs: ACER DEVICE GUIDE

Smart. Simple. Built for growing businesses.

Technology shouldn't slow your business down.

*Acer designs business devices that keep pace
with your goals—whether you're building
a startup, expanding your client base, or
managing day-to-day operations.*

This guide is built specifically for SMBs and the resellers who support them. It's designed to help you find the right tools for performance, cost-efficiency, and long-term value.

acer
for business

“At Acer, we recognise that the SMB sector is a powerful driver of innovation and resilience. Our mission is to simplify technology choices for small business owners, ensuring they have the right tools to stay competitive and thrive in a rapidly evolving marketplace.”

Gaba Cheng
Oceanic Managing Director
Acer Computer Australia

“Small businesses need technology that supports growth—not complexity. At Acer, we’re focused on making enterprise-grade capability more accessible to the SMB market.”

Ali Lokhandwala
Head of Distribution & Channel
Acer Computer Australia

WHY ACER FOR SMBs

acer
for business

We understand the common constraints:

- Limited budgets
- Lean or no internal IT
- Pressure to do more with less

Acer delivers:

- Devices that are reliable and cost-effective
- Simple setup and management tools
- Built-in security and future-ready features

Whether you're equipping five employees or fifty, we help keep things running smoothly.

SOLUTIONS FOR REAL PROBLEMS

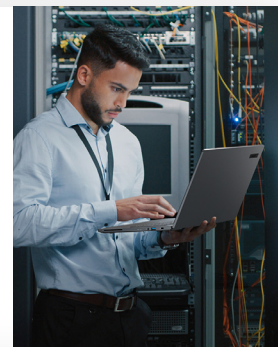

Tight budgets

Get more capability without spending.

IT complexity

Windows Autopilot and Acer Office Manager simplify deployment and device control.

Security concerns

Features like biometric login, Secured-core PCs, and Acer ProShield offer protection out of the box.

Sustainability goals

Vero series uses recycled materials and eco-conscious design with no performance trade-off.

WHAT MATTERS TO SMBs

Small and medium businesses face real constraints — limited time, lean teams, tight budgets. So, the technology you invest in needs to deliver where it counts.

These are the core priorities we've built into every Acer business device: tools that help you stay connected, productive, secure, and ready to grow—with sustainability built in, not bolted on.

Collaboration

Microsoft Teams-ready, high-quality webcams, dual microphones.

Scalability

Easily deploy and manage devices with tools designed for growing teams.

Productivity

Fast processors, reliable battery life, mobile connectivity (LTE-ready).

Sustainability

Vero line offers eco-aware options without added cost.

Security

Built-in enterprise-grade protection, from the BIOS to the cloud.

FIND YOUR FIT

To make choosing easier, we've grouped Acer devices into three clear tiers: Value, Mainstream, and Premium.

Each tier reflects real business needs—so you can match devices to your team, your budget, and your goals without digging through specs.

Value tier

Smart tools at the right price.

NOTEBOOK

- TravelMate P2
- Extensa EXO14-71

DESKTOP/AIO

- Veriton NUC AI N1502G-LNL
- Veriton Vero N4720GT/N6720GT
- Altos P10 F9

MONITOR

- Vero V7

Mainstream tier

Balanced performance and flexibility.

NOTEBOOK

- TravelMate P4 Spin 14
- TravelMate X414

DESKTOP/AIO

- Veriton Vero N4730G/N6730G
- Altos P10 F10
- Veriton Vero AIO Z4724GT/Z4727GT

MONITOR

- Vero B7

Premium tier

For high performance and mobility.

NOTEBOOK

- TravelMate P6

AI WORKSTATION

- Altos P130 F10/P150 F10/P330 F6 SE

MONITOR

- Vero B8
- PD3
- CB3

VALUE DEVICES

Solid tools for core operations.

acer
for business

TravelMate P2

Affordable, dependable,
designed for daily workloads.

- Intel® Core™ U Processors & Core™ Ultra Processors
- Windows 11 Pro
- Up to 64GB DDR5 memory and
up to 1TB PCIe NVMe SSD storage
- Available in 14" and 16" WUXGA IPS display

Extensa EX014-71

Smart AI notebook with strong multitasking
and essential business features.

- Up to Intel® Core™ Ultra 7 155H Processor
with Intel® Graphics
- Windows 11 Pro
- 16GB DDR5 memory and 512GB PCIe NVMe SSD storage
- 14" WUXGA IPS display

Veriton NUC AI N1502G-LNL

Compact innovation, secure, powered by AI.

- Intel® Core™ Ultra processor (Series 2)
with 48 TOPS NPU (Copilot+ PC)
- Windows 11 Pro
- Intel® Arc™ graphics
- Up to 32GB LPDDR5X 8533 memory
- 2x 1TB M.2 PCIe Gen4
NVMe SSD Storage
- 2x 2.5GbE LAN Port
- Windows Hello with
Fingerprint Reader

Veriton Vero N4720GT/N6720GT

Small footprint, capable, purposefully green

- 14th Gen Intel® Core™ i Processor
- Windows 11 Pro
- Up to 64GB DDR5-5600 memory
- 1x 4TB M.2 PCIe Gen4 NVMe SSD (N4720GT)
- 2x 4TB M.2 PCIe Gen4 NVMe SSD (N6720GT)
- Wi-Fi 6E + Bluetooth® 5.3
- VESA mounting kit

Altos P10 F9

Engineered for peak performance.

- 14th Gen Intel® Core™ i Processor
- Windows 11 Pro
- Up to 128GB DDR5-5600 memory
- 2x 4TB M.2 PCIe Gen4 NVMe SSD and 1x 3.5"/2.5" SATAIII HDD
- Supports 1x NVIDIA GPU: Up to RTX 2000 Ada-16GB (SFF/Tower)
or up to RTX 5070Ti-16GB (Tower)

Vero V7

Efficient and business-ready.

- 21.5" to 27" screen sizes
- FHD to 4K UHD resolution options
- Up to 85% PCR plastic, 5% OBP
- TÜV/Eyesafe® certified

MAINSTREAM DEVICES

Step-up in performance without overcommitting.

TravelMate P4 Spin 14

Ideal balance of speed, flexibility, and security.

- Intel® Core™ Ultra Processors
- Windows 11 Pro
- 14" 16:10 WUXGA touchscreen with a garageable pen

TravelMate X414

AI-powered business notebook.

- Intel® Core™ Ultra 7-256V Processor
- Copilot+ PC
- 16GB LPDDR5X memory and 512GB PCIe SSD storage
- 14" 16:10 WUXGA sRGB 100% display
- Lightweight at 1.3kg

 Copilot+PC

Veriton Vero AIO Z4724GT/Z4727GT

Seamless performance, all in one place.

- 14th Gen Intel® Core™ i Processor
- Windows 11 Pro
- Up to 64GB DDR5-5600 memory
- 2 x 2TB M.2 PCIe Gen4 NVMe SSD Storage
- 23.8" FHD IPS screen with 5.0 MP IR webcam (non-Touch/Touch)/27" (non-Touch)

Veriton Vero N4730G/N6730G

Perfectly compact, designed for Earth.

- Intel® Core™ Ultra processor (Series 2) with 35 TOPS NPU
- Windows 11 Pro
- Up to 64GB DDR5-5600 memory
- 2 x 2TB M.2 PCIe Gen4 NVMe SSD Storage
- VESA mounting kit

 Copilot+PC

Altos P10 F10

Next-gen power for demanding workloads.

- Intel® Core™ Ultra processor (Series 2) with 36 TOPS NPU
- Windows 11 Pro
- Up to 192GB DDR5-5600 memory
- 2x 4TB M.2 PCIe Gen4 NVMe SSD and 1x 3.5"/2.5" SATAIII HDD
- Supports 1x NVIDIA GPU: Up to RTX 2000 Ada 16GB (SFF/Tower) or RTX 5070 Ti 16GB (Tower)

 Copilot+PC

Vero B7

Solid visuals and energy-efficient.

- 21.5" to 27" screen sizes
- FHD to 4K UHD resolution options
- USB Type-C
- 85% PCR, 5% OBP

PREMIUM DEVICES

Advanced tools for advanced needs.

acer
for business

TravelMate P6

Ultra-portable with AI capabilities.

- 14th Gen Intel® Core™ Ultra (Series 2) Processors
- Up to 120 TOPS total AI performance
- Copilot+ PC
- Under 1kg with WQXGA display or 1.04kg with WUXGA display
- Carbon-fibre top cover and magnesium-aluminum chassis

Altos P130 F10/ P150 F10/P330 F6 SE

Engineered for AI innovation.

- Intel® Core™ Ultra processor (Series 2) with 36 TOPS NPU (P130 F10 | P150 F10)
- Intel® Xeon W series processor (Up to 60 Cores) (P330 F6 SE)
- Windows 11 Pro/Windows 11 Pro Workstation (P330 F6 SE)
- 192 GB DDR5 memory (P130 F10 and P150 F10)
- 512 GB DDR5 ECC memory (P330 F6 SE)
- 2x 4 TB M.2 PCIe NVMe SSDs and 4x 3.5"/2.5" SATAIII HDD
- Dual LAN (1GbE + 2.5GbE)
- Support 2x NVIDIA double width GPU RTX PRO

Vero B8

Premium visual clarity in a greener form.

- 23.8" to 27" screen sizes
- FHD to 4K UHD resolution options
- USB Type-C with RJ45 & 2.5Gb LAN
- 5M-IR Webcam

CB3

Built for tomorrow's workspaces.

- 34" Ultra-wide
- UWQHD resolution
- USB Type-C 140W power delivery
- 5M-IR Webcam

PD3

Design unfolded.

- 15.6" to 18.5" screen sizes
- Dual FHD monitors for multi-tasking
- 315° foldable
- Connectivity: USB Type-C and HDMI

SUSTAINABLE OPTIONS

Looking to align with eco goals?

- **TravelMate P2, Veriton Vero, and Vero monitors** use recycled plastics and energy-conscious design.
- **Vero Series** offers sustainability without added cost or complexity.

TIME TO UPGRADE

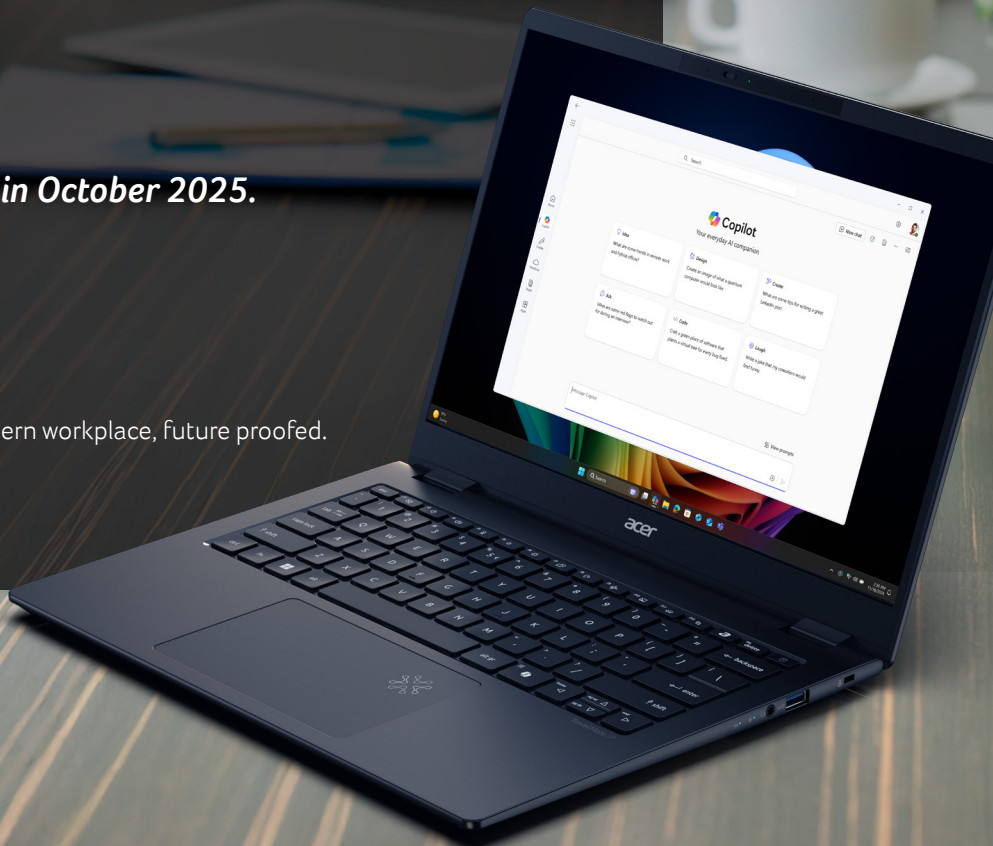

Windows 10 hits end-of-support in October 2025.

What that means for SMBs:

- No more security updates
- Increased IT risks
- Slower performance over time

Now is the time to switch.

Windows 11 Pro + AI-ready Acer devices = modern workplace, future proofed.

WHICH DEVICES SUITS YOUR TEAM?

*Every team works differently.
That's why Acer devices aren't one-size-fits-all.*

Match the right device to the way your people work—whether it's desk-based knowledge work, hybrid mobility, or high-performance creative tasks.

KNOWLEDGE WORKERS

TravelMate P2 and
Extensa EXO14-71
for standard tasks.

MOBILE PROFESSIONALS

TravelMate P4 Spin 14 for
hybrid, TravelMate X414
for travel-ready teams.

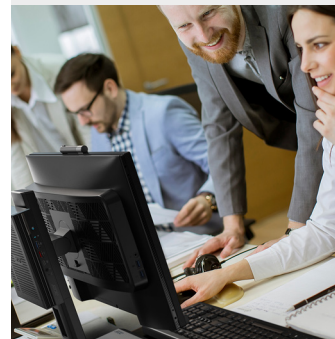

EXECUTIVES/ POWER USERS

P6 and Altos Workstations
for performance-
demanding roles.

COMPACT OFFICE SETUPS

Veriton Mini & NUC
for space-constrained
environments.

WHICH ACER IS RIGHT FOR YOUR BUSINESS

*Tick the boxes that matches your business needs.
The device with the most checks is likely your best fit.*

How to use it:

1. Tick off the needs that matter most to your business.
2. Tally the check marks on the column at the end.
3. The device with the most check marks in the columns relevant to your team's business needs is likely the best fit.
4. Use this as a starting point to talk with your Acer representative.

Device	Everyday tasks ☐	Hybrid work ☐	Compact setup ☐	High performance ☐	AI-ready with NPU ☐	AI Copilot ☐	Sustainable ☐	Total matches
