Ultra-Fast Wi-Fi 6 (802.11ax) + Bluetooth 5.0

USB Type-C ports with Thunderbolt™ 3

New hinge design with improved cooling & slight tilt for comfortable typing

Improved 15 hour battery life with fast charge

reddot winner 2020

A 360° DESIGN THAT REVOLVES AROUND YOU

At the core of the Spin 5 is the innovative 360° touchscreen. Its design opens up a world of options on how you can get work done. The Spin 5 is easily transformed into 4 versatile modes:

TABLET MODE Great for reading and reviewing documents while on the go. Slide out the Acer Active Stylus for the perfect note-taking companion.

DISPLAY MODE Ideally angled for video calls. The keyboard disappears letting you focus on the task at hand.

TENT MODE Meeting at a cafe? Flip to tent mode to easily share your presentation.

LAPTOP MODE The tilted design provides a comfortable typing experience on the backlit keyboard

The 360° hinge also creates extra ventilation space beneath the Spin 5 to provide more airflow and increased thermal performance.

THE SECURITY YOU NEED

With so much of our lives online and cybercrime becoming increasingly sophisticated, it's more important than ever to protect yourself and your data. The **Windows Hello with Fingerprint Reader** is an elegant and effortless way to ensure the safety of your most important data.

THE SIMPLICITY OF A PEN WITH THE POWER OF ACER

Sign contracts, sketch out plans, mark up documents
- it's easy with the Acer Active Stylus.

Universally compatible with all touchscreen displays, the
Acer Active Stylus with Wacom AES 1.0 features 4,096 levels of
pressure sensitivity for incredibly precise strokes and movements.

Just **15 seconds of charging**
provides 90 minutes of use.

NO EXCESS BAGGAGE

At just 1.2kg¹ and 14.9mm thin, the Spin 5 can go with
you anywhere.

Crafted from light-weight magnesium-aluminium alloy,
the Spin 5 will not slow you down. It provides a huge amount
of power in such a small frame and barely makes a dent in
your carry-on luggage.

14.9mm thin

weighs 1.2 kg

MUSIC TO YOUR EARS

The Spin 5 delivers crystal clear audio. In any mode you're in, the dual front-facing stereo speakers are always facing you which is key for an immersive experience. Combined with Acer True Harmony, optimised DTS® Audio, and Microsoft Cortana support, the Spin 5 is capable of truly incredible audio.

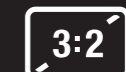

THE BIG PICTURE JUST GOT BIGGER

7.78mm

The Spin 5 13.5" touchscreen is now even more stunning. An 18% increase in screen real-estate means less scrolling and more doing. The ultra-narrow 7.78mm L/R bezel results in an over 80% screen-to-body ratio.

With a 2256 x 1504 resolution, 3:2 IPS VertiView Display and durable Corning® Gorilla® Glass, the Spin 5 is a beautiful canvas to work on.

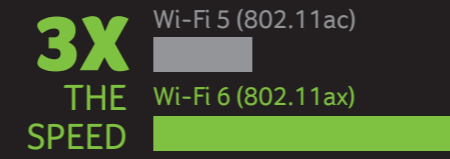

VertiView Display

CONNECTIVITY MEANS PRODUCTIVITY

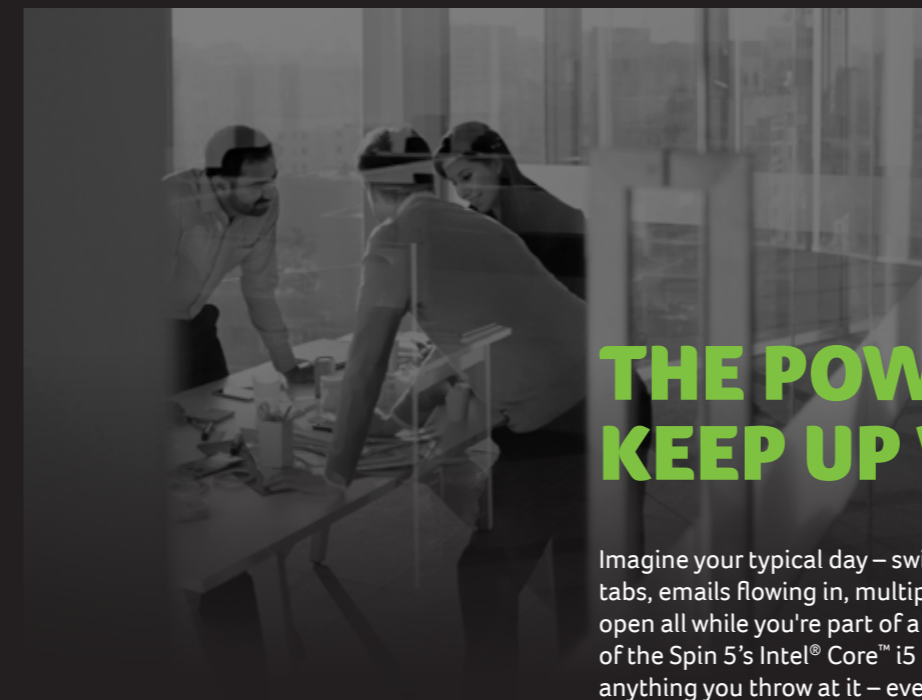

The Spin 5 is packed with connectivity options to ensure you're always online and connected.

With dual-band Wi-Fi 6 (802.11ax) and 2x2 MU-MIMO technology, you'll be able to handle multiple device connections at faster speeds all at once.

Connecting to external devices like hard drives and monitors is easier and faster than ever with multiple lightning fast USB Type-C ports with Thunderbolt™ 3 support.

THE POWER TO KEEP UP WITH YOU

Imagine your typical day – switching between dozens of browser tabs, emails flowing in, multiple documents and spreadsheets open all while you're part of a 10-person video call. The power of the Spin 5's Intel® Core™ i5 or i7 processor¹ carves through anything you throw at it – even on your busiest days.

With up to 15 consecutive hours of battery life,² the Spin 5 goes from 9 to 5 and beyond. And for those days that never seem to end, fast charging gives you 50% charge in only 45 minutes so you won't miss an email or that next video call.

45 mins charge
50% battery
