PROTECTION. IT'S WHAT WE'RE KNOWN FOR.

At Targus we're not afraid of tough treatment, and our experience in the education market means we understand the demands of schoolyard rough and tumble.

There's simply no better way to protect your laptop and save on repair costs, paperwork, insurance premiums and downtime.

Protection is at the heart of what we do, it's what we've always done, and what we'll always continue to do.

WHY CHOOSE TARGUS FOR YOUR SCHOOL?

1. Celebrating more than 35 years and still **Australia's #1** best selling education tech case brand.
2. Targus Education cases are **fit for purpose** - with specially selected material, padding and fittings that are superior in **longevity and durability** compared to standard laptop cases.
3. Targus Education cases have been **independently drop and compression tested**.
4. A safe choice with **local warranty** and **customer service support**.
5. We're pioneers of the **laptop carry case category**. Committed to working closely with schools, corporations, education resellers and leading manufacturers like Acer, Apple, Asus, Dell, Fujitsu, Google, HP, Lenovo, Microsoft, Samsung and Toshiba.
6. Targus offers a wide variety of tech cases and accessories to suit **all levels of protection, connectivity and budget** needs.

5 LAYERS OF PROTECTION

1. **Heavy-duty fabric:** Protects against wear & tear
2. **Honeycomb shell:** Protects against penetration
3. **Shock-absorbing foam:** Absorbs drop impacts
4. **Padded foam:** Holds and cushions laptop
5. **Durable lining:** For laptop scratch resistance

STRENGTH TESTED

COMPRESSION TESTED

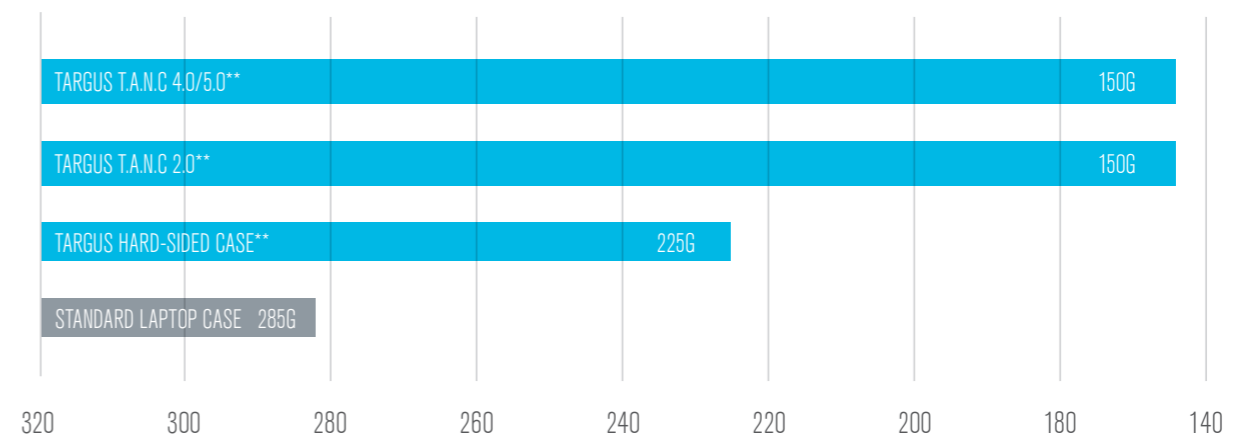

Protects against school yard drops and pressures of up to 40kg** caused by typical day to day student usage. T.A.N.C. can even hold up to 120kg** fully distributed load, making it our most protective case yet.

DROP TESTED

At Targus we're so confident in the strength of our carry cases that we commissioned Access UTS Pty Ltd, wholly owned by University of Technology Sydney (UTS), to independently test our cases.

LOW PROTECTION

MAXIMUM PROTECTION

Drop tests were conducted using a tri-axial accelerometer inserted into the carry cases. Each case was subject to 3-5 drops (12 drops for T.A.N.C 4.0/5.0) at the height of no less than 0.8 metres (the approximate height of a standard desk or carried with a strap over the shoulder) to measure their cushioning and protective performance. Responses were measured in "Gs" as a value of force, tabulated and averaged. The lower the G-force measurement, the better the protection.

**Testing undertaken through Access UTS Pty Ltd, wholly owned by the University of Technology Sydney. All gs quotes are rounded values.

ORBUS™ ULTRA-TOUGH DEFENCE

THAT DOUBLES
AS A LAP-DESK

Diamond dual layer protection system

Features stylus loop and ID window

- Passes military grade 1.2m drop testing (MIL-STD 810G)
- Built-in kickstand for hands-free viewing
- Compatible with travel keyboard
- Includes hand strap

PRIVACY SCREENS

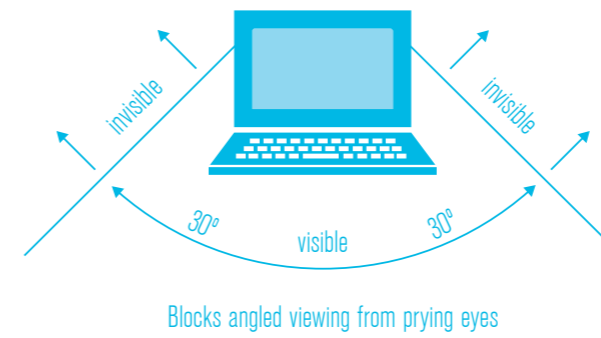

SECURE VIEWING

PROTECT YOUR PRIVACY

Targus Privacy Screens narrow the viewing angle so data is only visible from directly in front of the screen. Onlookers to either side only see a dark, unclear screen meaning you can work comfortably and productively wherever you are.

ANY SCREEN, ANY SIZE

Targus Privacy Screens are available to fit tablet, laptop and desktop monitor screens from 9.7" up to 27" including the latest devices. They also act as a dust-resistant screen protector to prevent scratches and damages to your device.

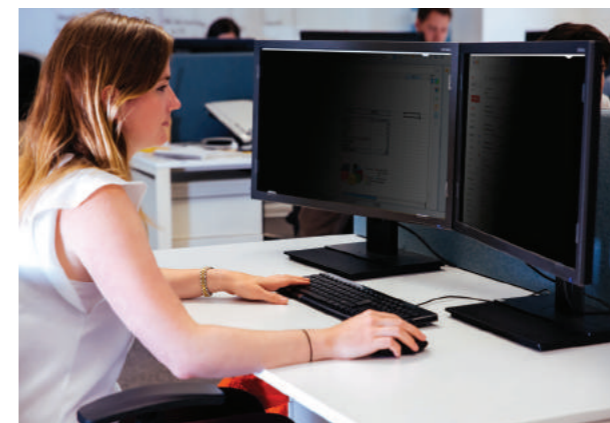

With students expected to complete the NAPLAN test online from 2019 and with NAP (National Assessment Program) supporting BYOD, the security and privacy of on-screen data has become more important than ever.

Privacy Screens help meet security needs whilst boosting student confidence that no one else can view their on-screen work.

Available across a range of devices

FEATURES AND BENEFITS:

- Reduced glare via a low-reflective coating
- Anti-microbial coating
- Available in sizes to fit most laptops and devices
- Touchscreen compatible
- Helps prevent scratches on screens

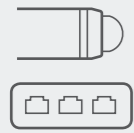

Touch Screen Compatible

Anti-Microbial Coated

Anti-Glare & Non-Reflective

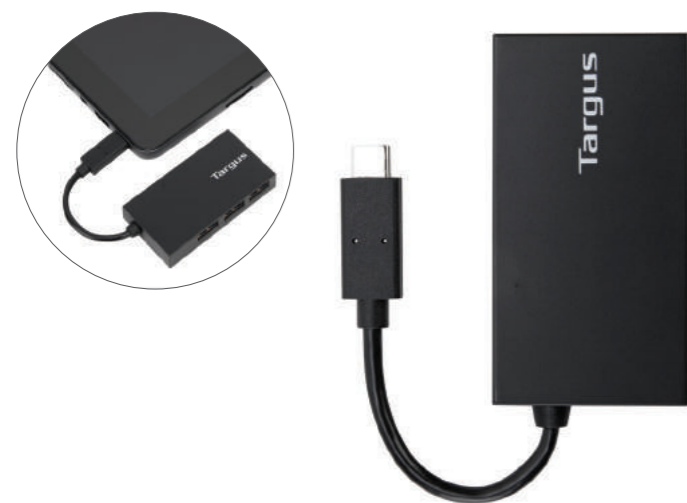

STYLUS & HUBS

ADD THE PERFECT ACCESSORY

STYLUS

The Targus stylus allows you to interact and create on devices with greater freedom. Providing greater comfort and ease of use, a stylus makes a great addition to tablets and 2-in-1 devices.

HUBS

Turn one USB port into multiple with Targus USB hubs. Perfect for tablets, laptops and 2-in-1 devices that come with limited ports. Use hubs to connect smartphones, docking stations, flash drives and more.

DOCKING STATIONS

SINGLE CABLE CONNECTIVITY

FEATURES AND BENEFITS:

- Universal docking stations suit almost all models of PCs and devices
- A single USB 3.0 or USB-C cable will connect you to dual monitors, mouse, keyboard, network and other devices
- Boost work productivity via a dual screen workspace

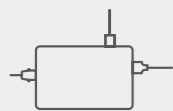

Cross platform compatible

Create a dual screen workspace

Connect to all your peripherals via USB 3.0

POWER ACCESSORIES

CHARGE YOUR DEVICE ANYWHERE

FEATURES AND BENEFITS

- Universal support for all major laptop brands with the free Targus power tip program
- Allows you to charge your laptop and device at the same time
- USB fast charging for the quickest charge of laptops and smartphones
- Slim and lightweight design

TARGUS POWER CHARGERS ARE COMPATIBLE WITH 97% OF MAJOR BRANDS

WHAT OUR CUSTOMERS SAY ABOUT US

If it hadn't been for the Targus bags I'd be spending all day fixing laptops and have no time to do other stuff. The bags protecting laptops properly means I can work on more critical projects.

— Hugo, IT Manager for Mazenod College (Perth)

SOCIAL AND ENVIRONMENTAL RESPONSIBILITY

At Targus we take pride in how we ethically treat our employees and that our goals towards waste reduction and recycling are met. It's not just about complying with and exceeding industry standards but it's about doing what is right. Targus also endeavors to have a supply chain which is equally capable, efficient and ethical with compliance to leading standards and certifications.
