GIVE YOUR CALL CENTER THE FANVIL ADVANTAGE

Do your call center phones have the features that matter? Do they cater to the needs of your call center representatives? Find out how Fanvil X2P/X2CP IP phone, the most professional IP phone for call center, helps you create the profitable customer experience.

Powerful Features

Space-saving
Designed to minimize the space it occupies, X2P/X2CP is suitable for small office desks in a call center.

LED Keypads
LED buttons of Mute/Hold/Auto-answer help avoid operational error and improve work efficiency.

2 RJ9 Ports
One port for normal use and another for supervision use. Great for call center training.

Pedal Switch

Tailored functions for call centers. X2P/X2CP enables call center representatives answer/hang up calls by a pedal switch for multi-tasking.
