

CyberPower

TEAM UP WITH CyberPower!

Your Professional Power Management Solution Provider

CyberPower is a Global Tier 1 UPS/Power protection brand with self-owned manufacturing facilities. We pride ourselves on the quality and reliability of our products and we maintain these excellent standards globally. With dedicated R&D personnel and unparalleled engineering excellence, CyberPower is a leading power protection and UPS manufacturer offering UPS systems from 600VA - 600KVA, Power Distribution Units, Surge Protectors and Power Management Software.

Why Partner with CyberPower?

- We offer best-in-class solutions ranging from single phase through to three phase solutions.
- We offer on-site power reviews * - so you know when your equipment requires upgrading.
- We provide free power management software on all of our UPS units
- Our base warranties are advanced replacement and we cover the courier fees both ways.
- Our Smart Partner Rebate Program is world class. Earn rebate for selling CyberPower every quarter.
- Global leader in "Green IT" practices which makes us the UPS vendor of choice for ICT Government procurements.

*within 50km of the CBD of each Australian State.
