# WORK REIMAGINED

A hybrid workplace will exist between home and the office, with a need to be safe wherever we are and a desire to make sustainable choices.

At Home

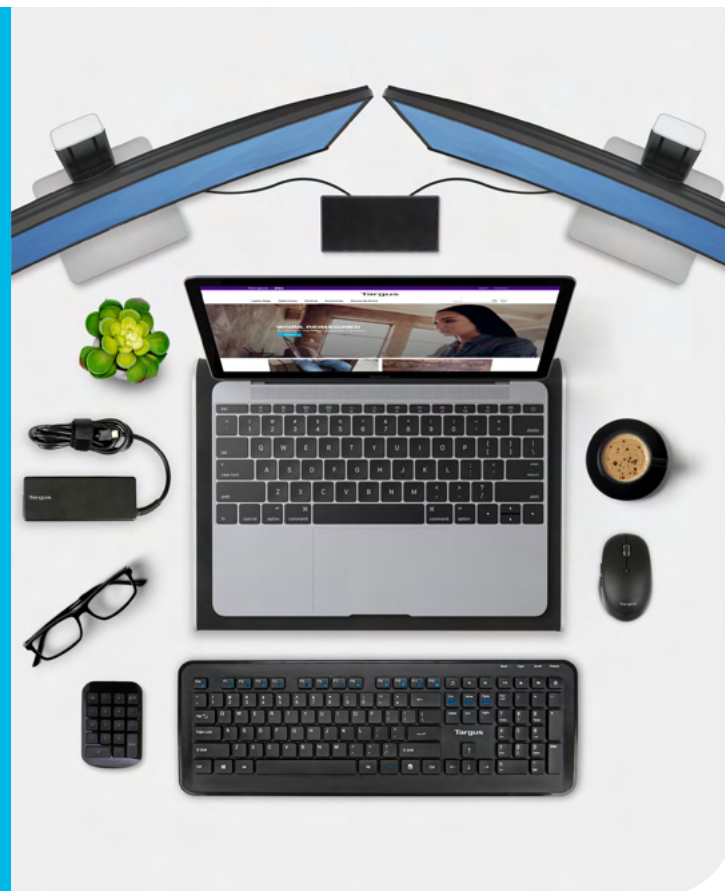

In The Office

On The Go

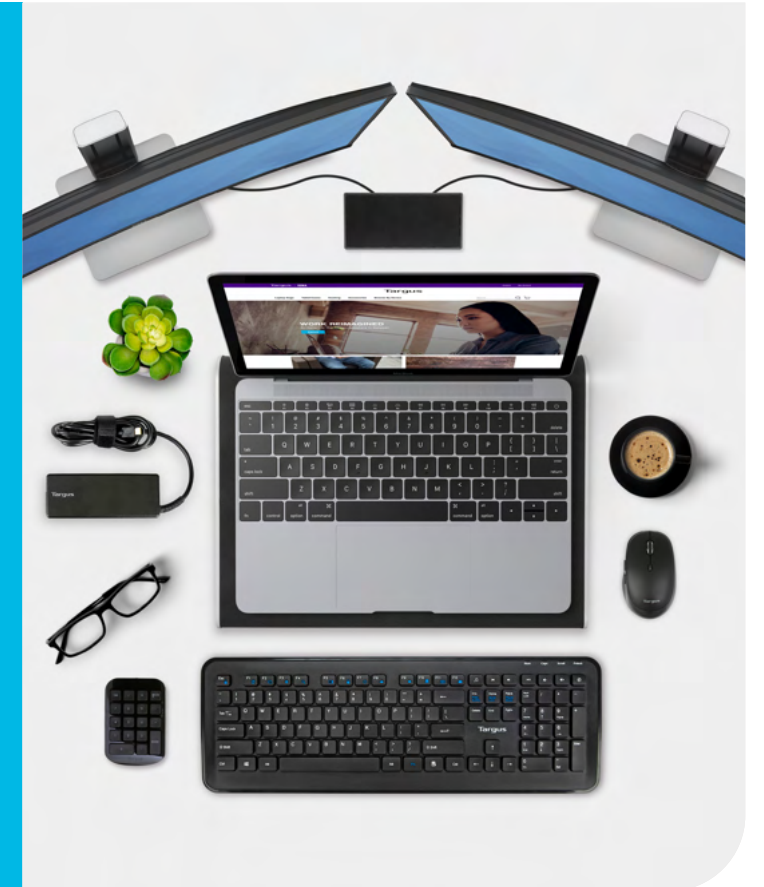

## REIMAGINE YOUR WORKSPACE **AT HOME**

Space and accessories can impact your ability to work well. Whether you have your own dedicated workspace or find yourself working at the kitchen table, our recommended solutions will make your space comfortable and productive.

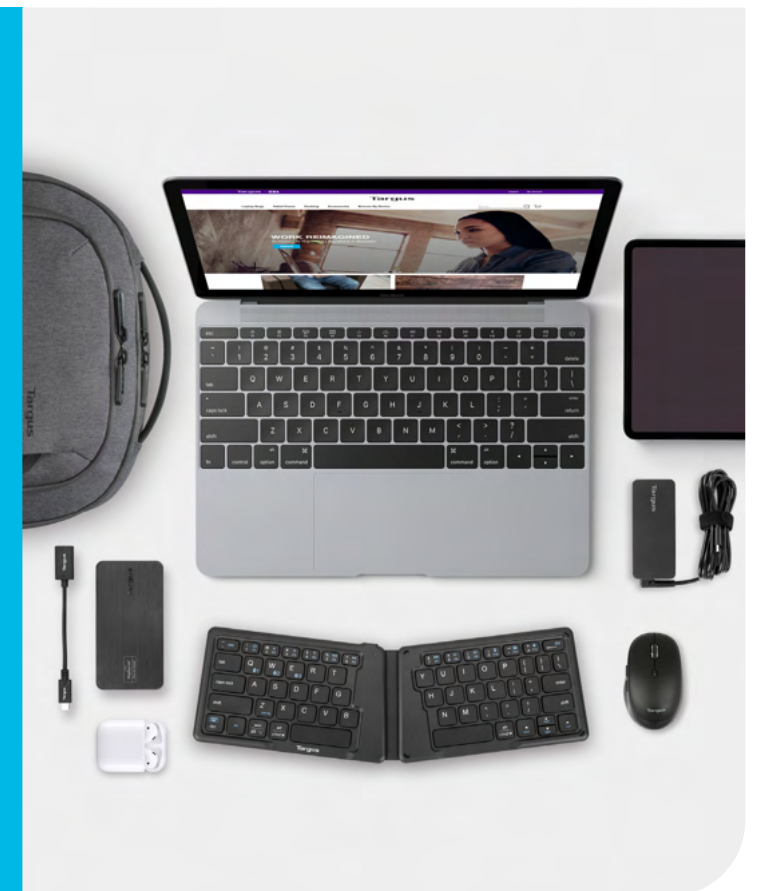

## REIMAGINE YOUR WORKSPACE **IN THE OFFICE**

Create the ultimate workspace with universal connections to monitors, computer peripherals, keyboards and other PC accessories.

## REIMAGINE YOUR WORKSPACE **ON THE GO**

Work productively anywhere, as you would at your desk. Ensure you are equipped with the key accessories, that enable you to work anywhere you choose.

# ANTIMICROBIAL PROTECTION

**Eliminate and prevent the growth of bacteria on product surfaces and touchpoints.**

Human needs have changed, we have adapted our way of life to protect each other. Germs like bacteria can bind to textiles and surfaces, on the bag you carry from home to work, or the keyboard and mouse you share on hot desks in the office or with your family at home.

There are micro-organisms living on every surface, completely invisible to the naked eye. Targus' Antimicrobial Protection range has been designed to help you meet new cleanliness

challenges at home, in our workplaces, and on the move. **DefenseGuard™ Antimicrobial Protection**, infused into our products to eliminate and prevent the growth of bacteria on product surfaces and touchpoints. It delivers a durable, cleaner surface. Proven to protect bags, cases, keyboard and mice against germs it won't wear off or wash off, it is designed for life.

**ELIMINATES 99.9%<sup>1</sup> OF GERMS**

BPR and EPA compliant, DefenseGuard™ has been independently tested against industry standards.

**INFUSED, NOT COATED**

Unlike post-production coatings and topically applied sprays, DefenseGuard™ is infused into the materials themselves.

**PROVEN PROTECTION**

BPR and EPA compliant, DefenseGuard™ has been independently tested against industry standards.

**DESIGNED FOR LIFE**

DefenseGuard™ Antimicrobial protection by Targus won't ever wear out or wash off. DefenseGuard™ is designed for life.<sup>2</sup>

1. Targus Antimicrobial Protection is infused into this product. Independent laboratory testing demonstrated a 99.9% reduction of Staphylococcus aureus (Staph Infection) and Escherichia coli (E. coli) on product surfaces and touchpoints. 2. Antimicrobial product protection is limited to the case or device itself.

# ECOSMART TECHNOLOGY

**Good news for the planet, great news for your daily commute.**

We're on a journey to create products that are altogether eco-friendlier and more thoughtful, from manufacturing to distribution.

The EcoSmart® range is one great step on that journey. Targus uses GRS Certified Materials to not only create great bags, but also reduce the amount of plastic bottles destined for landfills.

Plastic bottles are reborn to make everything from the case lining to the body and trim, without compromising the brilliant flexible working features and ergonomic comfort you expect from us. **Good inside and out.**

Bottles are recycled

Shredded and re-polymerised into plastic chips

Heated and spun into yarn

Woven into material

Then sewn into the fabric of our Ecosmart Bags

**eco/smart**  
TECHNOLOGY

# UNIVERSAL DOCKING STATIONS

**Targus universal docking stations are the most compatible in the world.**

This ensures you and your workforce can be productive whenever and wherever you choose to work.

Universal being the operative word, our docking stations connect to Windows, MacBook, Linux, Ubuntu, Chromebook, Android and variety of peripherals – from monitors to printers, keyboards to external hard drives – via a single cable from your computer's USB port.

## 3 REASONS TO CHOOSE TARGUS DOCKING STATIONS

**1.**

### WORLD'S MOST COMPATIBLE

Targus Universal Docks are compatible with over 95% of devices on the market today.

**2.**

### SEAMLESS USER EXPERIENCE

Targus' exclusive software provides superior performance for companies looking to embrace activity based and connected workplaces.

**3.**

### USB-C & LEGACY DEVICE CHARGING

Targus' patented technology will charge legacy devices, and USB-C devices up to 100W - suitable for almost all laptop fleet mixes.

(TBB565GL)

# DEVICE PROTECTION

We know device protection. That's why our cases are designed to meet the military grade standards and withstands essential drop-testing standards.

## PRODUCT QUALITY

We stand behind our product. That's why we offer a Limited Lifetime Warranty on most tablet cases.

## EVERYDAY PROTECTION

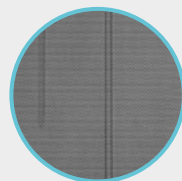

Our new line of DefenseGuard™ Antimicrobial tablet cases is the first of many Targus product introductions to address the need for safe and healthier workspace solutions. These tablet cases not only offer critical drop protection, but they are treated with antimicrobial protection that works continuously for the life of the tablet case to help prevent the growth of microorganisms.

### THREE LAYERS OF PROTECTION

Outer Cover

Inner Lining

Tablet Tray

## SUSTAINABLE DESIGN

Taking sustainable design to the next level, while still providing the premium quality and high impact drop protection you expect from Targus. Combining materials created from post-consumer waste with innovative biodegradable plastics, EcoSmart® tablet cases represent our next step in eco-friendly tech protection.

eco/smart  
TECHNOLOGY

# TABLET CASES
